

June 28, 2017, TMT Meeting
 John Day Dam (JDA)
 Rearrangement of spill treatments.

1. As described in the 2017 Fish Operations Plan spill operation treatments may be rearranged throughout the season.
2. Note changes below in red. The original spill operation scheduled on June 28 was 40%. In coordination with FPAC on June 27 the June 28 spill operation was changed to 30%.
3. Note changes below in red. The original spill operation on June 30 was 30%. In coordination with FPAC on June 27 the June 30 spill operation was changed to 40%.

JDA Summer Spill Operations June 16 through August 31: Spill operations will continue from spring at 30% and 40% spill 24 hours per day and continue through approximately July 20. Spill levels will alternate in a four-day block with two-day treatments (30% or 40% spill). Spill treatment changes will occur at 2000 hours. A single-treatment operation of 30% spill 24 hours per day will begin approximately July 20 and continue through August 31.
