MEMORANDUM FOR THE RECORD

SUBJECT: 23BON079 MFR Units 11 and 18 Forced OOS

At 1656 on Wednesday 09 August, Units 11 and 18 tripped and went out of service (OOS) unexpectedly. Attempts were made to bring the units back in service immediately, but the units remained OOS until Thursday morning. Unit 11 returned to service at 0750 and Unit 18 returned to service at 0822 on Thursday 10 August. While U11 and U18 were OOS, U12 and U17 were ran in their place. U12 and 17 are the next units in the Turbine Unit Priority Order, found in Table BON-13 of the 2023 FPP.

No known cause for the units tripping OOS has been found at this time but an investigation is underway.

Sincerely,
