Reason for Change: DST dates have changed. While the table may work, there was a request to adjust it in the March/April timeframe to better reflect daytime.

Comments from others:

BPA- Thanks for correcting this. - OK

USFWS- OK. The assumption is that the times listed have taken into account the changes between standard and daylight saving time. Does this need to be clarified in the table? Table BON 3 specifically identifies standard time.

Record of Final Action:

The change has been made to the table. There is no indication of DST or PST due to the fact that the table encompasses both.
