

Draft FPP Change Form

9/14/07

Change Request Number: 08BON_005

Date: 1/31/2008

Proposed by: Project Fisheries

Location of Change

Table BON-5

Proposed Change:

Move from Section 2.1 General Operations to Section 5 Turbine Unit O&M

Reason for Change:

This would bring Bonneville's section in line with TDA and JDA. It makes sense to have the turbine operations table in the turbine operations section.

One thing- Tables 6-11 will be numbered down one and Table 5 will be renamed Table 11.

At some later point, we might consider naming the tables according to the sections within which they reside.

Comments from others:

Record of Final Action:

Table moved as proposed.
