

Draft FPP Change Form

Change Request Number: 10TDA001

Date: 6/3/09

Proposed by: TD operations - Cordie

Location of Change

TDA-19, 5.1.

Proposed Change:

Table TDA-4 Turbine unit operating priorities for The Dalles Dam.

PERIOD	PRIORITY
Fish Passage Season (April 1 through November 30)	1 and/or 2, 3 and/or 4, 5, 18*
If more units are needed operate one two units from each block moving west to east	block 5-86-9 , block 9-1210-13 , block 134-167 , block 197-22
If additional units are still needed operate one unit from each block moving west to east.	block 5-86-9 , block 9-1210-13 , block 134-167 , block 179-22
December 1 through March 31	1-22 in any order

*During fish passage season- Unit 1 and/or 2, Unit 3 or 4, Units under open sluice gates 1,5,18

Reason for Change: Distribute run time more evenly on units. Keep a load on PH lines. Give PH better voltage control

Comments:

Per project operations request; With adding units one at a time, versus two, it will allow us to spread the load over the entire PH and the addition of anything over 4 more units will place even more units on the west end.

Example of spring operation. 300K river with 12 units

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22
s s s

Example of summer operation. 100K river with 5 units

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22
s s s

Record of final action: Approved at 22 June 2009 FPOM.
