

**MEMORANDUM FOR THE RECORD****SUBJECT: 20BON32 CRITFC AFF Holding Tank Pacific Lamprey Mortalities**

On Friday morning 7/3/2020, CRITFC staff found two Pacific Lamprey mortalities in one of the AFF holding tanks. The fish were collected in traps on Bonneville dam on 7/2 for the CRITFC-Tribal translocation program and were slated for delivery to CTUIR staff on 7/3. Several fish at the time of capture on 7/2 exhibited pale white ventral areas which is indicative of declining health, and the two mortalities had this pale ventral condition.
