

BRZ Entry Permit

Number:

Date Requested: 3/10/2014

Title: University of Idaho Lamprey Tracking

BRZ to be entered: Zone 1 tailrace BRZ.

Dive associated with work: Yes No

Project Point of Contact: Paul Keller

Requested By (Company and name): University of Idaho, Daniel Joosten

Requester Contact information (phone number, cell number): Cell: 208-596-1959

Scope of work:

U of I will conduct mobile tracking of Pacific Lamprey tagged with JSAT tags as they enter the area of influence in The Dalles dam tailrace and powerhouse channel to assess their behavior patterns. The boat will be fitted with four booms holding hydrophones to a depth of 93 inches below waterline that can be deployed or raised as needed.

Special Requirements:

Work to occur in outer (zone 1) tailrace BRZ only. No work shall occur in forebay BRZ.

Schedule:

U of I will begin work the week of 24 Mar 2014 and complete work before spill starts on 01 Apr. 2014. The exact schedule will vary depending on weather and other work related factors. BRZ access is only requested for daylight hours.

Map: Yes No
