Dear Ms. Jackman:

This is in response to your July 1, 2014 letter requesting approval for access to Bonneville Dam Count Stations for the purpose making observations of fall Chinook. This is a continuation of a project that has been occurring since 1979. You state you anticipate starting your observations the third week of August and continuing through October 1, 2014. Tule counters would be on-site from about 1000 until 1400 each day.

With respect to the work outlined above, your request is generally approved.

Prior to beginning work, please arrange a meeting with Mr. Andrew Traylor, 541-374-4020. You will need to provide a project impact statement and a personnel list. Please send electronic copies of these documents to Mr. Traylor, [Andrew.W.Traylor@usace.army.mil](mailto:Andrew.W.Traylor@usace.army.mil) and to Ms. Tammy Mackey, [Tammy.M.Mackey@usace.army.mil](mailto:Tammy.M.Mackey@usace.army.mil).

Please remain in contact with Mr. Traylor throughout your time at the dam. There are many researchers and contractors working at the dam, please work to ensure good communication and cooperation between agencies and organizations.

A copy of this letter has been posted to <http://www.nwd-wc.usace.army.mil/tmt/documents/FPOM/2010/NWP%20Research/2014%20NWP%20Access/>.

If you have questions regarding this correspondence, please contact Mr. Traylor via e-mail or by phone, at 541-374-4020.

Sincerely,
