Dear Mr. Storch:

This is in response to your January 26, 2015 letter requesting approval for access to the Boat Restricted Zone (BRZ) at Bonneville Lock and Dam to facilitate the capture and tagging of Northern Pikeminnow as part of the Northern Pikeminnow Management Program.

With respect to your request to access the BRZ, access to the Powerhouse I and II forebay and tailrace BRZ during nighttime hours is approved. Please note that access to both the forebay and tailrace BRZ of the spillway during spill season (April 10 – August 31) is **not** permitted. You will be required to follow the protocols set forth in the Project BRZ guide and must have a valid BRZ permit.

No work may begin until all necessary ESA and state permits, or an explanation as to why permits are not required, are on file with Ms. Ida Royer and Ms. Tammy Mackey.

Prior to beginning work, please arrange a pre-work meeting, as required by the Project BRZ protocol, with Ms. Ida Royer, 541-374-2541. Please remain in contact with Ms. Royer throughout your work at the dam to stay informed of operational changes, and to inform the Project of any changes to your work plan.

A copy of this letter has been posted to NWP 2014 Access Responses found at: <http://www.nwd-wc.usace.army.mil/tmt/documents/FPOM/2010/NWP%20Research/2014%20NWP%20Access/> If you have questions regarding this correspondence, please contact Ms. Royer via e-mail or by phone.

Sincerely,

Jerry A. Carroll  
Operations Project Manager  
Bonneville Lock and Dam
