Dear Mr. Luke:

This is in response to your March 16, 2015 letter requesting permission for Yakama Nation Pacific Lamprey Project staff to access The Dalles Dam for the purpose of collecting 450 Pacific lamprey during the migration season for research and supplementation efforts in the Yakama River subbasin.

With respect to the work outlined above, your request is generally approved, provided you are able to obtain all necessary ESA and state permits. **No work may begin until valid and current permits, or an explanation as to why permits are not required, are on file with Mr. Paul Keller and Ms. Tammy Mackey.** You will be required to comply with all reporting requirements found in the current\FPP section TDA 3.3.3.

Prior to beginning work, please arrange a meeting with Mr. Paul Keller, 541-298-7509. You will need to provide a Project impact statement, job hazard analysis, copies of permits, and a personnel list. Please send electronic copies of these documents to Mr. Keller, Paul.S.Keller@usace.army.mil and Ms. Mackey, Tammy.M.Mackey@usace.army.mil.

Please remain in contact with Mr. Keller throughout your time at the dam. There are many researchers and contractors working in the area so work to ensure good communication and cooperation between agencies and organizations.
