

MEMORANDUM FOR THE RECORD: 15 LMN 004 MFR Fish Mortality on walkway of upper north fishladder.

SUBJECT: One unclipped adult Chinook (28") found dead on grating across upper North fishladder.

- A. Species – *Chinook*.
- B. Origin – Unknown.
- C. Length – Estimated length 28 inches.
- D. Marks and tags – None
- E. Marks and injuries found on carcass – Dried out and partially eaten by birds .
- F. Cause and time of death – First reported late July 14. Jumped out of ladder onto the grating where netting had already been placed. Mesh barrier had become detached from support pole.
- G. Future and preventative measures – Adjustments were made to the netting and additional attachments were installed to prevent netting from coming loose.
- H. Pictures included – none.
