

3 October 2013

Dear Interested Reviewer:

Enclosed are final copies of the University of Idaho report, ADULT PACIFIC LAMPREY PASSAGE: DATA SYNTHESIS AND FISHWAY IMPROVEMENT PRIORITIZATION TOOLS, and associated report appendices (a separate document).

The purpose of this report is to summarize and synthesize results from adult lamprey passage studies conducted for USACE between 1997 and 2011. The report also includes reference and modeling tools developed to inform management decisions regarding prioritization of future adult lamprey passage improvements at dams in the Federal Columbia River Power System (FCRPS).

The review period for this report is closed. If you have any questions or comments regarding this work, please contact Sean Tackley at sean.c.tackley@usace.army.mil or 503-808-4751. We appreciate your continued participation in the AFEP. Thank you.

Sincerely,

Joyce E. Casey
