Comments:

- *Fish Hawk Fisheries was the buyer this year.
- *A rigid 12" ABS pipe was used at Gordon Road and RiverBend again this year when out planting adults.
- *4.3% mortality on adults held.
- *Only adclipped adults were used for spawning this year.
- *Only unmarked fish were outplanted.
- *13% of the returning adults were unmarked (15% 10 yr ave.)
- *All of the mini jacks were ad clipped.
- *All outplants were tagged with numbered foy tags. Some of the outplants were radio tagged and pit tagged - U of I study.
