

**Weekly Summary**  
**West Region SHG**  
**May 29, 2015**

**Bandon**

- No hot topics for this week, routine fish culture and maintenance

**Cole Rivers**

- No hot topics for this week, routine fish culture and maintenance

**Elk River**

- No hot topics for this week, routine fish culture and maintenance

**Leaburg**

- The first adult summer steelhead recycle of the year was performed this week. 66 fish were trucked downstream, many were really bright (relatively speaking for this far upriver) and chunky, including several 3 salts. The recycle was a week later than last year as the fish have been coming in slowly. Chinook on the other hand have been coming to our trap earlier and in higher numbers than previous years. So far 34 Chinook have been transferred to McKenzie Hatchery.
- Kacie helped McKenzie Hatchery sort and process adult Chinook for a local food bank.
- Erik attended the Northwest Fish Culture Conference Committee meeting at the Wilsonville Holiday Inn, where this year's event will be held.

**Marion Forks**

- No hot topics for this week, routine fish culture and maintenance

**McKenzie**
