DRAFT Meeting Agenda

Meeting Purpose: To discuss and reach consensus on research, monitoring and evaluation needs of the Willamette system and projects to support decisions that will be made by managers.

10:00 Welcome and Housekeeping

- Approve 6/22 meeting summary

10:15 Sub-Basin RM&E Plan Development

- The Steering Team agreed with consensus that the next sub-basin plan developed should be for the McKenzie, however, that they would ask the RM&E team to provide input as to if there is any reason why it should or shouldn't be next.
 - RM&E Team thoughts/input for Steering Team to consider?
- **Next Steps: Decision on which sub-basin is next will be made at the joint meeting tomorrow.**

10:45 Request for Concept Development

- The Steering Team requests that the RM&E Team develop a study concept to look at redd depth and gas levels below Big Cliff. They would like this concept to be designed for FY18 before the South Santiam study is complete.
- **Next Steps: Determine who will develop the concept and by when?**

11:05 Request for Information

- The Steering Team requests that the RM&E Team (and others in the region) provide professional opinion on the following question: Given the information that we have, how good is the habitat below Big Cliff?
- **Next Steps: Clarify path forward and timeline.**
