

Fish Passage Plan (FPP) Change Form

Change Form # & Title: 24IHR002 – Facility Inspections
Date Submitted: 27-DEC-2023
Project: Ice Harbor
Requester Name, Agency: Ken Fone, USACE
Final Action: **FINALIZED 1-FEB-2024**

FPP SECTION: Chapter 6 (IHR), section 2.4.2.12. Facility Inspections

JUSTIFICATION FOR CHANGE:

Ice Harbor Fish Facility staff are trained by the Project Fisheries Biologist to perform facility inspections. Inspections occur 3 or more times per week.

PROPOSED CHANGE: *Edits to existing FPP text in “track changes”.*

2.4. Operating Criteria - Adult Fish Facilities.

2.4.2. Adult Fish Facilities – Adult Fish Passage Season (March 1–December 31).

2.4.2.12. Facility Inspections.

- i. Powerhouse operators shall inspect facilities once per day shift and check computer monitor information at least once during each back shift.
- ii. Project ~~biologists~~ fisheries staff shall inspect facilities at least three times per week. Inspect all facilities according to fish facilities monitoring program.
- iii. Inspect picketed leads during all inspections to ensure they are clean and in the correct position (all the way down).
- iv. Check calibration of fishway control system twice per month to ensure it is kept within calibration. This may be done as part of routine fishway inspections.
- v. Inspect fishways daily for foreign substances (particularly oil). If substances are found, immediately take corrective actions.
- vi. Record all inspections.

COMMENTS: None

RECORD OF FINAL ACTION: Finalized at the FPOM FPP meeting 1-FEB-2024
