

Fish Passage Plan (FPP) Change Form

Change Form # & Title: 25IHR003 – End of Juvenile Passage Season
Date Submitted: 13-DEC-2024
Project: IHR
Requester Name, Agency: Ben McArthur, USACE
Final Action:

FPP SECTION: Chapter 6 (IHR), sections 2.3.1. and 2.3.2.

JUSTIFICATION FOR CHANGE:

“Third week of December” is somewhat vague when taking partial weeks into account. More directly addressing the date will help with long term clarity.

PROPOSED CHANGE: *Edits to existing FPP text in “track changes”.*

2.3. Operating Criteria – Juvenile Fish Facilities.

2.3.1. Juvenile Facilities - Winter Maintenance Period (~~3rd week of December~~ first Monday on or after December 10 – March 31).

2.3.1.2. Submersible Traveling Screens (STSs) and Vertical Barrier Screens (VBSs).

i. Removal of STSs may begin on the first Monday on or after December 10.~~Monday of the third week of December.~~

2.3.2. Juvenile Facilities – Fish Passage Season (April 1 – ~~3rd week of December~~ first Monday on or after December 10).

Operate in accordance with the following criteria from April 1 through October 31 for juvenile fish passage, and from November 1 until the first Monday on or after December 10 ~~third week of December~~ for adult fallbacks.
